

## **Level 2 Physical Intervention**

### **Course Overview**

We provide a 2 day Nationally Approved Course through BIIAB which enables individuals to gain the necessary qualifications to become licenced.

This course is designed for nursing, care, and medical practitioners or for those who come into regular contact with challenging behaviour, volatile and uncertain situations. If you are an employee working frontline, public sector, transport, leisure and retail, licenced trade, youth workers.

Numerous breakaway techniques are included in this course to provide safe, physical skills and awareness on how to disengage safely from a grip or a grab. The course will enable trainees to gain confidence when confronted with anger or aggression, this includes positive body language and diffusing techniques.

### **Course Detail**

The Course consists of 1 unit which are separately assessed by means of externally set and marked multiple choice question papers.

### **Application of Physical Intervention Skills in the Private Security Industry**

- Introduction to Physical Skills
- Disengagement Techniques
- Escorting Techniques

### **Course Assessment**

Unit 4 – Application of Physical Intervention Skills in the Private Security Industry - A multiple choice question exam with 30 questions and a Practical Assessment

All the assessments will be conducted within the course duration.

We understand that exams can be daunting or nervous for many candidates. Many candidates on the course have not done an examination for a long time. The trainer on the course will equip you with all the knowledge needed to pass.
