

Level 2 Award for Door supervisor within the Private Security Industry (Top Up)

Course Overview

This regulated qualification is designed for those learners who undertook their door supervisor qualification prior to the launch of the regulated door supervisor qualification. If successfully achieved, it allows them to meet their mandatory top-up requirements for door supervisors and to retain their SIA licence. It is based on the relevant SIA specification for learning and qualifications, and subjects covered include understanding relevant counter-terrorism issues, queue management and physical intervention.

Course Detail

Your Course is divided into 3 units:

Unit 1: Principles of Terror Threat Awareness in the Private Security industry

- Understanding terror threats and the role of the security operative in an event of a threat

Unit 2: Principles of using equipment for Door Supervision in the Private Security Industry

- Know how to use equipment relevant to door supervision
- Know what actions to take in relation to global (or critical) incidents

Unit 3: Application of Physical Intervention Skills in the Private Security Industry

- Understand physical interventions and the implications of their use.
- Understand the risks associated with using physical intervention
- Understand how to reduce the risk associated with physical intervention
- Be able to use physical skills to protect yourself and others.
- Be able to use non-pain compliant standing, holding and escorting techniques

Course Assessment

Unit 1: Principles of Terror Threat Awareness in the Private Security industry

This unit will be assessed by a knowledge and assessment. The knowledge assessment is an externally set and marked multiple choice question paper consisting of 10 questions.

Unit 2: Principles of using equipment for Door Supervision in the Private Security Industry

This unit will be assessed by both knowledge and practical assessment. The knowledge assessment is an externally set and marked multiple choice question paper consisting of 5 questions. The practical assessment is an externally set, internally assessed observation of using communications devices.

Unit 3: Application of Physical Intervention Skills in the Private Security Industry

This unit will be assessed by both knowledge and practical assessment. The knowledge assessment is an externally set and marked multiple choice question paper consisting of 30 questions. The practical assessment is an externally set, internally assessed observation of each learner performing every technique with observation sheet and Question and Answer session to cover critical areas of physical intervention knowledge. The practical assessment must be visually recorded.

All the assessments will be conducted within the course duration.

We understand that exams can be daunting or nervous for many candidates. Many candidates on the course have not done an examination for a long time. The trainer on the course will equip you with all the knowledge needed to pass.
